# Flag Mockup

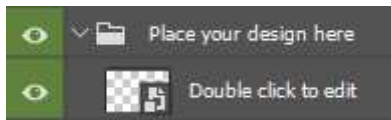

By Eka Restu D Putra

---

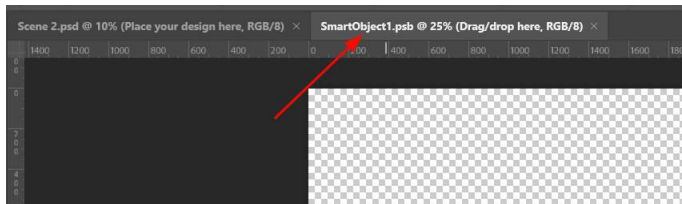

## Replace your design

After opening the Photoshop file, double-click on the SmartObject Layer, then drag/drop your design into the SmartObject.

1. Double-click on SmartObject

2. A new tab will open.

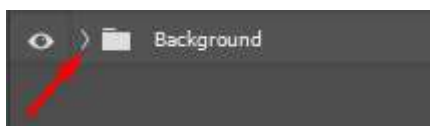

3. Drag/drop your design to the new tab, close, and save the new tab.

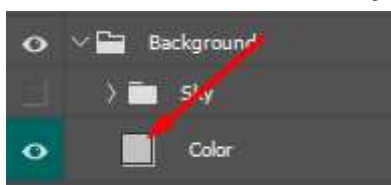

## Change background color

This mockup has features to change the background color. To do that, follow the instructions below:

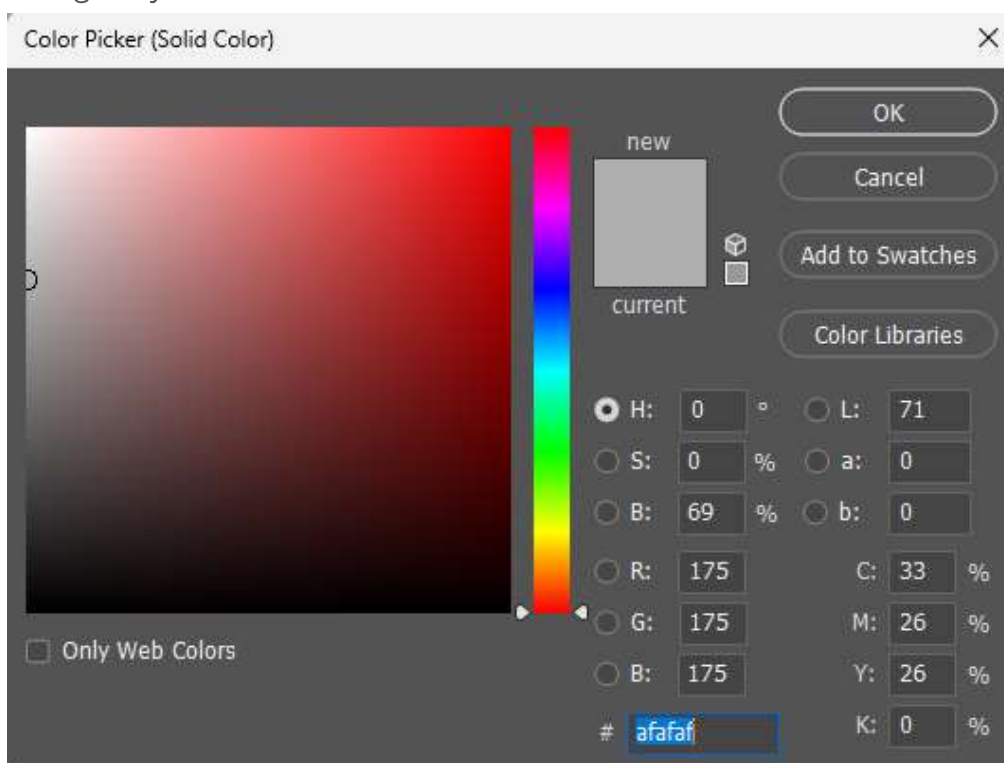

1. Open Background Group.

2. Double-click on the color layer.

3. Change to your favorite color.

## Get in touch

If you have any questions, feel free to ask me. You can use the contact form in the marketplace where you buy this mockup, or you can directly email me at [me@erdp.me](mailto:me@erdp.me)
